LIGHT UP THE DARKNESS

F#m **E** **Bm** **F#m**
You came down from heaven's heights, a pure and piercing light to penetrate the night

F#m **E** **Bm** **F#m** **E**
You found us stumbling in the dark, without you we were lost, but you came to us to...

CHORUS:

A **E** **F#m** **B**
Make us a light, make us burn bright, Lord we need you to shine

F#m **E** **Bm** **F#m**
You are a brilliant morning star, guide our wandering hearts, point us heavenward

F#m **E** **Bm** **F#m** **E**
We'll go wherever you may lead, Into the darkest streets loving those in need

CHORUS:

A **E**
Make us a light, make us burn bright

F#m **B**
Lord we need you to shine

A **E**
Make us a fire, set us ablaze

Bm **A** **E**
To light up the darkness with Love

Bridge:

D **A** **E**
We will rise with the dawn

D **A** **E**
We will rise with the sun

Bm **A** **E**
We will shine who you are

D **A** **E**
To Light up the darkness with Love

CHORUS:

A **E**
Make us a light, make us burn bright

F#m **B**
Lord, we need you to shine

A **E**
Make us a fire, set us ablaze

D **A** **E**
To light up the darkness with Love
