## PULL ME UP

**G**                    **Bm**                    **D/F#**                    **A**  
I feel the weight, I feel the ache, I see my life and the mess I've made

**G**                    **Bm**                    **F#m**                    **A**  
I've got regrets for choices made, I've played the fool in so many ways

### CHORUS:

**D**                    **G**                    **Bm**  
Jesus you're my only hope, I lay myself at your feet  
**F#m**                    **G**                    **A**  
Longing for your love to pull me up  
**D**                    **G**                    **Bm**  
I'm broken tired of my hiding, I'm sinking in my pride  
**F#m**                    **G**                    **A**                    **D**  
And I'm longing for your love to come on and pull me up

**G**                    **Bm**                    **D/F#**                    **A**  
I've heard it said you've got a heart that reaches out to those who've run so far

**G**                    **Bm**                    **F#m**                    **A**  
I've gotta know, could it be You would have mercy on someone like me

– REPEAT CHORUS –
