TOO LONG WITHOUT YOU

E **D**
You came my way, you came my way

A
You found me sleeping in my grave

E **D**
I didn't know, I didn't know

A
My heart stopped beating long ago

E **D**
You took my hand, you helped me stand

A
You looked into my eyes and you said

E **D** **A**
Come alive, come alive, be with me

CHORUS:

E **Bm** **E** **A**
I've been living for too long without You

E **D** **A**
I have never loved like I love You

E **D**
Now I'm changed, now I'm changed

A
Everything inside me rearranged

E **D**
Fill my heart with your love

A
I just can't seem to get enough

– REPEAT CHORUS –

Bridge:

B – C#m – D

B – C#m – D

E **D** **A**
Too Long, too long, too long, too long, too long

E **D** **A**
Living for too long, living for too long without you

E **D** **A** **Am**
Living for too long, living for too long without you
